

Keystone: Innovation, Expertise and Trust.

For over 50 years Keystone Plastics has been providing the industry with the highest quality, best value replacement brooms and brushes. Our focus and commitment has always been to provide our customers with a line of products that out-perform and out-last the competition – and the advice and expertise they need to make the right choice. Our innovative products, guaranteed quality and unrivaled customer service has been the foundation of our success, and continues to be the driving force behind all that we do today – and all we plan to do in the future.

Contact Keystone

Put the Keystone tradition to work for you. For more information and your closest distributor, call Jack Moran, Keystone Sales Manager, at **1-800-635-5238**.

Poly and Wire Wafers

Keystone's Poly, Wire and Combo Wafers continue to provide outstanding performance. Their long lasting durability gives more hours between changeovers and are ideal for all sweeping conditions and types of road debris: asphalt, gravel, mud, and clay. We manufacture our Wafers from virgin polypropylene resin. Our Steel Wire Wafers have aggressive digging and sweeping action and the quality of our Combo wafers are superior in the industry. Available in all sizes and colors, in flat or convoluted.

Gutter Brooms

Our superior line of Patented Wire Gutter Brooms are available for every make and model sweeper on the road today. Topped with high impact resistant co-polymer blocks, our patented wire has a long-lasting and durable spring action keeping Patented Wire Gutter Brooms ready for heavy duty curb sweeping. They're built to last. Keystone's Patented Wire Gutter Brooms have met or exceeded customer expectations, on even the toughest street sweeping applications.

Tube Brooms

With its aggressive sweeping action, Keystone's Tube Brooms provide a cleaner street sweeping job. Made with tight and consistent broom wraps, our Tube Brooms bristle keeps constant contact with the road surface. At Keystone, we manufacture our Tube Brooms with more filament providing longer broom life. Contractor Tube Brooms and Combo Tube Brooms are also available.

The ALLPRO[®] Strip Broom System

ALLPRO[®] – A Brush With Greatness

ALLPRO® Strip Broom

ALLPRO® Performance.

- Superior construction for more thorough debris collection, and more professional sweep.
- The most aggressive sweeping available in the industry.
- Constant bristle contact with the sweeping surface garners impressive results.
- Strong and continuous flicking/digging necessary for heavy debris removal.
- Center sweep mandrel design brings debris to the middle of the sweeping path, helping to load hopper in the center.

ALLPRO® Efficiency.

- Simple to replace or install – one-man, 15 minutes.
- Replace worn strips without removing mandrel.
- Easy strip disposal – 100% recyclable, no dumping charge.

ALLPRO® Value.

- Heavy-duty steel core.
- Reusable mandrel.
- Save storage space – 18 strips fit in a compact carton.
- Save shipping costs – 18 cartons per pallet.

ALLPRO® Quality.

- Keystone's 50-year reputation as an industry leader.
- The highest quality replacement brooms and brushes.
- An unrivaled level of customer service and satisfaction.

The ALLPRO® Green Factor

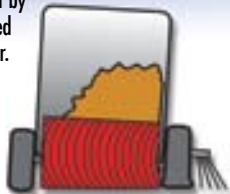

- 100% recyclable.
- Ship more for less.

The ALLPRO® Center Sweep System

Designed to bring all debris to the center of the sweeping path, the AllPro® Center Sweep System helps eliminate elevator adjustments and premature wear by creating a balanced load in the hopper.

Strip Broom

Tube Broom

Keystone Plastics, Inc. also manufactures a full line of replacement brooms, wafers, tube brooms, and gutter brooms for all makes and models.

Compact Storage

One carton contains all 18 AllPro® bristle strips for one broom

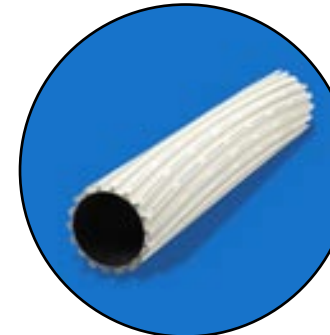

Easy Assembly

AllPro® strips easily slide into the mandrel tracks

Center Sweep Design

The mandrel curve creates the AllPro's® Center Sweep design

ALLPRO® Mandrel

Fits all sweepers. Compression Lock or with Stub Shafts

Shipping and Storage Savings

Ship and warehouse 18 AllPro® brooms in the same space as two tube brooms
