Ranger,  
I have no issue with NAPSA releasing my resignation letter. My understanding when I sent the email was that it would be part of Napsa proceedings, and could be viewed by anyone who had an interest, whether they were Napsa members or not.

Thanks,

Kevin Kroeger

Kevin-

This is to confirm in writing that you are fine with waiving any privacy issues with regard to me receiving from NAPSA your Letter of Resignation as NAPSA President, dated on or around October 27, 2011. Please respond to this email that you either are or are not concerned with NAPSA keeping your resignation letter secret.

Thanks!

Cheers,  
Ranger
