Nancy-
Thanks for your time on the phone this afternoon.

To recap our conversation: I requested information about why the change of NAPSA officers occurred when it did, as well as why Kevin Kroeger was no longer President. You indicated I would need to speak with Jim Larko, current NAPSA President, or another member of the Executive Committee for that information. You said you would have the appropriate person contact me by phone in the near future.

Additionally, I requested to get copies of Board Minutes and any resignation letter that might have been tendered by former President, Kevin Kroeger. You asked me to put my information request into an email and said that only an email request was necessary from me, not a completed Freedom of Information Act Request Form.

I request the following information be provided to me in a timely fashion (via email or as web links is fine; PDF format is preferred):

- meeting notes from all NAPSA Board meetings for the current calendar year.
- any available addendums referenced in any of these meetings, including but not necessarily limited to any resignation or other letters submitted to the Board by officers or other Board members.
- a current list of NAPSA officers and Board members, with position listed and current contact information.

If there is an audio file available that is associated with Board minutes, in addition to the transcript, that is also requested. Also, please let me know via return email when I should expect to receive this information. Thanks!

Cheers,
Ranger
